## CASSETTE AND WALL UNIT

STAR

PC FROM 5 TO 10KW  
AT EUROVENT CONDITION

STAR EC

BEAUTY EC

PC FROM 3 TO 4,87KW AT EUROVENT CONDITION

STAR are water cassette for installation in suspended ceilings, with wall-mounted control or infrared remote control. The water cassette for 2 or 4 pipe systems, has very attractive design and it is suitable for many different environments.

BEAUTY is a wall-mounted, low-noise fan coil with modern design. Available with infrared remote control or wall-pad control.

## DEHUMIDIFIERS

PC FROM 0,8 TO 4,4 L/H OF WATER CONDENSETION ASP 145PA

AMBRA 80H

AMBRA ORIZ.110/240

AMBRA 80V

The series AMBRA is used for dehumidification of summer environments, cooled through radiant panels. Designed and manufactured to be installed only indoor, it provides in output, neutral temperature air compared to the air in internal environment. This feature is guaranteed by a post-cooling coil where the water of the radiant panels circulates.
